Session	Grade	Mentor comment
Session 1 : Introduction to pictoblox and coding Understand what is programming. Interact with the Pictoblox interface Make a simple but fun piece of code	Meeting Exceeding Approaching Below	This session was incredibly engaging and well-prepared. Learner's understanding of the topic was great. 1 August 2024 3:00 am Edith Kimani edithkimani@digifunzi.com
Session 2 : I pictoblox and coding Understand Pictoblox interface Make a simple	Meeting Exceeding Approaching Below	This session was incredibly engaging and well-prepared. Learner's understanding of the topic was great. 2 August 2024 3:00 am Edith Kimani edithkimani@digifunzi.com
Session 3 : Introduction to pictoblox and coding Under programming. Inter interface Make a simple but	Meeting Exceeding Approaching Below	This session was incredibly engaging and well-prepared. Learner's understanding of the topic was great. 3 August 2024 3:00 am Edith Kimani edithkimani@digifunzi.com
Session 4 : Introduction to pictoblox and coding Understand what is programming. Interact with the Pictoblox interface Make a simple but fun piece of code	Meeting Exceeding Approaching Below	This session was incredibly engaging and well-prepared. Learner's understanding of the topic was great. 4 August 2024 3:00 am Edith Kimani edithkimani@digifunzi.com
Session 5 : Introduction to pictoblox and coding Understand what is programming. Interact with the Pictoblox interface Make a simple but fun piece of code	Meeting Exceeding Approaching Below	This session was incredibly engaging and well-prepared. Learner's understanding of the topic was great. 5 August 2024 3:00 am Edith Kimani edithkimani@digifunzi.com
Session 6 : Introduction to pictoblox and coding	Meeting	This session was incredibly engaging and well-prepared. Learner's understanding of the topic was great.

Understand what is programming.
Interact with the Pictoblox interface
Make a simple but fun piece of code

Exceeding
Approaching
Below

of the topic was great.

6 August 2024 3:00 am

Edith Kimani

Skills

Intermediate coding in Scratch
Developing a story-board
Logical thinking
X and Y positioning
Debugging, collaboration and presentation

Highlights and observation

Behavioural Observation.

Well behaved and of good behaviour.

Character Observation.

Well behaved and of good behaviour.

Discipline Observation.

Well behaved and of good behaviour
